# Mounting Channel / Brackets Installation on <u>QT Series Fans and Fan/Lights</u>

MOUNTING BRACKET

MOUNTING CHANNEL

MOUNTING BRACKET

MOUNTING BRACKET (Slide this bracket completely into channel in order to clear the housing tab.)

HOUSING TAB

SCREWS (supplied)

$1\frac{3}{8}$

$7\frac{1}{4}$

SCREW (supplied)

NAIL or SCREW

HOUSING TAB

NAIL or SCREW

1. Slide the MOUNTING BRACKETS into the MOUNTING CHANNEL.

2. Attach the MOUNTING CHANNEL to the housing using the screws supplied.

   NOTE: If holes are not already in housing, drill (2) 3/16" diameter holes at locations shown.

3. NAIL or SCREW the brackets to the ceiling framing (joists, trusses, etc.).

   NOTE: Slide one MOUNTING BRACKET against the HOUSING TAB and nail or screw through the bracket and tab and into the framing.

4. Use a screw (supplied) to secure the mounting brackets together.
