

Broan-NuTone® Recognized as a Brand Partner for the Pinhoti Peak Idea House
Idea House created by producer, Emmy-award-winning host and designer Chip Wade

HARTFORD, Wis. (May XX, 2023) – [Broan-NuTone®](#) is an official brand partner of the [Pinhoti Peak](#) house in Ellijay, Georgia. The house was designed by Wade Works Creative, an architecture & design, real estate and production company owned by Emmy-award-winning host and designer Chip Wade and real estate expert Pauli Wade. The Pinhoti Peak house features several indoor air quality solutions from Broan-NuTone: the [Broan® Flex Series Ventilation Fan \(AE110K\)](#), [Broan® Elite Pro Outdoor EPD61 Series Range Hood \(EPD6160SS\)](#) and the [Broan-NuTone® Steel Roof Cap \(634\)](#).

Built with low maintenance in mind, the Pinhoti Peak home is a secluded project with a modern retreat where families can relax and unwind. The home uses the latest construction methods and techniques, as well as top-of-the-line products, to forge a home that will stay beautiful for years to come.

“It is great to be recognized in our industry as a partner of an innovative project like the Pinhoti Peak Idea House,” said Dave Jones, assistant director of marketing for Broan-NuTone. “We are proud to be in the company of other notable organizations and businesses like ours who are creating a more energy-efficient world and cleaner, healthier environment.”

Broan-NuTone Featured Products:

[Broan® Flex Series Ventilation Fan \(AE110K\)](#): The AE110K ventilation fan, designed for retrofit, remodel and replacement, features hassle-free installation from the room side, for spaces with no attic access. It has a CleanCover™ grille that keeps the fan cover cleaner for longer periods of time due to its fewer vent slots, giving less space to collect dust. The SnapFit Flange Kit, EzDuct™ connector and FoldAway™ mounting ears make it flexible in almost any installation challenge, especially for rooms on the first

floor or basement floor of the home. It features 110 CFM, powerful ventilation to remove moisture and reduce the risk of mold or mildew in most full baths; 1.0 Sones for whisper quiet operation; Compatibility with the Overture™ Connected IAQ System and is ENERGY STAR® certified. *Available online and in-stores at select retailers.*

[Broan® Elite Pro Outdoor EPD61 Series Range Hood \(EPD6160SS\)](#): Designed with brushed corrosion-resistant stainless steel to ensure long life, the EPD6160SS has a 27" design that can be extended to 30" with the optional wall extension, allowing even greater cooktop coverage for better capture of smoke and cooking odors. It also features a powerful 1290 Max Blower CFM for quiet, dependable operation and a 3-speed rotary control for a convenient range of ventilation choices. *Available online and in-stores at select retailers.*

[Broan-NuTone® Steel Roof Cap \(634\)](#): Designed for use with 3-¼" x 10" or up to 8" round duct, the 634 Roof Cap features a black enamel finish and provides reliable rooftop ventilation. The 634 Roof Cap also includes a built-in back-draft damper and protective screen to prevent small pests from entering the duct. *Available online and in-stores at select retailers.*
