

# **Roomside Series**

with CleanCover™ grille

## **Roomside Series Ventilation fan with CleanCover™ grille**

The Broan® Roomside Series Ventilation fan with CleanCover™ provide a fresh, stylish grille design to complement any bathroom. Say good-bye to unsightly standard grilles that catch dust and debris and can be a hassle to clean. With CleanCover™, your fan cover stays cleaner for longer with fewer vent slots to clean and design that coordinates with any decor. Our LED Lighting modules, available on certain models, offers greater energy efficiency and longevity and adds a unique design detail to this hardworking fan.

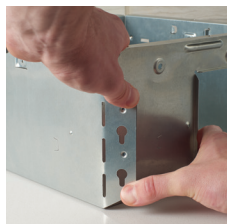

**BROAN®**

## Versatile Installation. Airtight Performance.

- Powerful Ventilation and whisper quiet operation
- Easy install from the room side, no attic access needed.
- CleanCover™ grille stays cleaner longer with fewer vent slots to collect dust
- Fits 2 in. x 6 in. ceiling construction
- Wall Control not included\*
- UL listed for use in insulated ceilings (type I.C.) and HVI-2100 certified for safety and for use over bathtubs or showers when connected to GFCI-protected branch circuit (not included)
- ENERGY STAR® certified
- 3-year Limited Warranty

**FoldAway™ Mounting Ears** are precisely positioned for new construction and fold flat for room side retrofits.

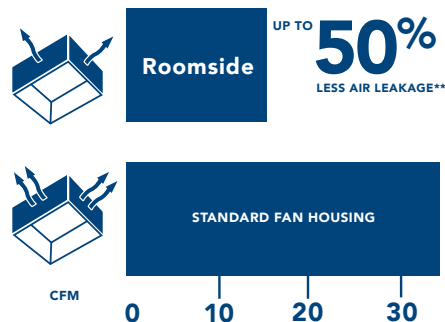

**With our TrueSeal™ Damper Technology**, Roomside Series fans reduce air leakage by up to 50% compared to competitive models\*\*.

**EzDuct™ Connector** enables room side installation without attic access.

**LED Lighting** offers greater energy efficiency and longevity.
