

# Roomside Series

Ventilation Fan with CleanCover™ Grille

STAYS CLEAN LONGER  
ULTIMATE FLEXIBILITY  
EASY INSTALLATION

## **ROOMSIDE SERIES FOR EASY INSTALLATION**

Retrofit installations can be done entirely from the room side – no attic access required. This means a faster, easier installation, so you can move on to something else.

## **CLEANCOVER™ GRILLE**

This grille clears the air with a low profile, streamline design. Say goodbye to unsightly standard grilles that catch dust and debris and can be a hassle to clean. With CleanCover™, your fan cover stays cleaner for longer with fewer vent slots to clean and design that coordinates with any decor.

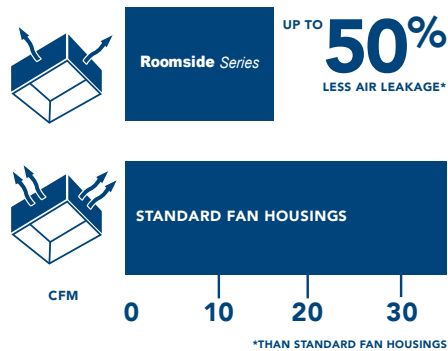

# Roomside Series for Easy Installation

Retrofit installations can be done entirely from the room side—no attic access required. This means faster, easier installation even for the most novice do-it-yourselfer; no need to hire a professional.

**NO ATTIC  
ACCESS NEEDED**

- Snap-fit Flange Kit will cover the edges of the cutout for a more professional finish and a tighter, leak-free seal.
- CleanCover™ Grille stays clean longer with fewer vent slots to clean
- ENERGY STAR® Certified
- Roomside Series fans provide the most airtight fan housing being 50% more airtight than other brands - resulting in better performance
- FoldAway™ Mounting Ears fold flat for roomside installation
- 4" round duct connector compatible with any Broan-NuTone duct increaser
